RULES of the RACE:

- * MINIMUM TEAM = Five (5) ROTARIAN Racers. If your club can't muster a full team - come and compete for individual prizes and enjoy the Rotary Fellowship! You may have as many racers on one team as you like. Your team scores are based on the top 5 racer's times only.
- * Race Course - Each racer takes two runs.
- * The better of the two times for each racer becomes the *Racer's Time* (the time shown on the race course time display)
- *Northstar at Tahoe uses a qualified forerunner to establish a *standard* time on each course.
- * Each Racer's Time is adjusted (by computer) based on the course run. That time becomes the racer's *Official Time*.
- * The best five *Official Times* for each team are averaged to yield a *Team Handicap Time*.
- * Clubs may run as many skiers as they like as long as there are a minimum of 5 racers per team to qualify for team awards.
- * *Age*, as well as *distance traveled* to Tahoe City is used to handicap individual scores resulting in an *Official Handicap Time* .
- * Racers are eligible for best scratch and handicap awards for individual racers
- * Teams are eligible for best scratch and handicap awards (Top five members)
- * **All Racers must be bonafide ROTARIAN** although Rotarians from other clubs may race with your club's team.
- * Each racer *must* be at top of course and race with *his/her team*. The second run is not mandatory and is in reverse order from the first.
- * Falls (crash and/or lose a ski) will disqualify you *only* for that run - best of the two runs is used for *Racer's Time*
- * **Bib numbers must match with racer's name or racer will be disqualified.** Team captains are responsible for correct bib assignment.
